The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as OWNERS of the ONLY LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America.

As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

NEW AND IMPROVED
SEWING MACHINES.
THE AMERICAN
Magnetic Sewing Machine Co.,
NOW OFFER FOR SALE AT THEIR ROOMS
397 Broadway, N. Y.,
By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale, possesses the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co.,

Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with race

FIVE HUNDRED STITCHES PER MINUTE!

For further information please call at the rooms of the Company, or address the Secretary at the office, 397 Broadway.

TERMS:

CASH BUYERS will receive a discount of SIX per cent, if the money be paid in par funds, within 10 days from date of bill.

PATENT MEDICINES.

One Hundred Years Ago.

Dear Sir:—Two months since, I never expected to write such a letter as this, to say that I am clear of the Rheumatism. I hardly know what to say or how to account for it after suffering for the last seven years the most excruciating pains man can endure. At every coming storm my whole body and joints were in the greatest torment man can bear, and somehow or other, it always appeared to me as if nobody pitied a man with the Rheumatism. Now I will also state, while on this subject, that the Rheumatism was a pitiful inheritance of my ancestors. I remember some thirty years since, when my father lay crippled on his bed with this disease, and of hearing him tell that his father and grandfather some 100 years ago, were melancholy afflicted in like manner. But now I can tell you I ask no pity from any man on that score, as I can do as good a day's work as I ever could.

I used only three small bottles of your wonderful Mustang Liniment, and now feel like myself again. Thanks to you and your invaluable Liniment.

MOSES DUNCAN, Shoal Creek, Mo.
To Dr. Bragg & Co., St. Louis, Mo.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.

One to two 50 cent bottles will cure the Salt Rheum.

One 25 cent bottle will cure the Caked Breast.

One small bottle is a certain cure for Sore Nipples.

One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.

One to two small bottles will cure the Neuralgia.

One bottle, 50 cent size, will cure the severest Burn or Scald.

One dollar bottle will cure the Spinal Disease.

One small bottle will cure the Piles in any stage of the disease.

One to two 50 cent bottles will cure the Scrofula, in any case.

One small bottle will cure Chapped Hands.

Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the legs or shins, that have resisted all other treatment.

One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.

One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.

One 50 cent to a dollar bottle will cure all cases of Galls, Chafes, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions

☞ *Cure of Salt Rheum of Ten Years Standing.*—A lady residing near Lyon, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

A Cure of a Severe Scald.—Eight days ago, an engineer working in a foundry in the upper end of the city, thro' some mishaps, got his hands and face badly scalded, so much so that the skin came entirely off. He suffered the greatest pain until the wounds were dressed with the Mustang Liniment and wrapped up in cotton batting, which, as soon as done, the pain eased and the patient fell into as quiet and peaceful slumber!

We learned on yesterday that he is now well and attending to his business as usual! Such facts are worth remembering. The Mustang Liniment is warranted to cure any disease requiring an external application.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—

STATE OF ILLINOIS, }
CARLYLE, June 27th, 1853. }

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,

N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

Milwaukee, Fond du Lac & Green Bay R. R.—Consolidation, &c.

We have observed lately articles in the Oshkosh and Fond du Lac papers, alluding to the proposed consolidation of the M. F. & G. B. R. R. with the La Crosse R. R. in such terms as to show that the people of those localities have nearly concluded that the managers of the former enterprize had resolved to abandon the straight line altogether, and to turn all of their resources into the La Crosse route, leaving Fond du Lac and Oshkosh without railroad communication with us. Knowing that such a movement would be entirely opposed to the interests of our city as well as of the thriving towns above named, and of the country along the route and beyond, and being unwilling to believe that the Directors of the M. F. & G. B. R. R would consent for a moment to any such arrangement, we have taken the earliest opportunity to obtain information from the Directors as to their plans. This we proceed to lay before our readers.

Before doing so, however, it is proper to remind the reader that the M F. & G. B. and the La Crosse routes leave the city together, and run together for about 19 miles to what is termed the "junction." whence the first stretches on a direct line towards Fond du Lac, the second turning westwardly. Our city, as a matter of course, takes a deep interest in both of these roads, and by stock subscriptions and by the loan of its credit has manifested that interest openly and certainly; in the case of the M. F. & G. B. road, the stock subscriptions amounting to about $120,000, and the city credit being loaned to the amount of $200,000. About one half of this last sum has been issued, and is being expended in building the line between here and the junction. Milwaukee, having thus given a good lead for the enterprise, had a right to expect that the towns, villages, and cities along the route, for whose great benefit as well as her own the road would be built, would second her efforts with a liberal hand, and a hearty good will.

The facts, however, show that, north of the junction on the straight line route, many of the farmers, whose promises of liberality as to the right of way had been unbounded, have raised their prices to ruinous rates for the company, and that our friends at Fond du Lac and Oshkosh, taking counsel of their fears rather than their hopes, and listening to every suggestion to the disparagement of the Company made by persons interested in other projects, have held back; and at this day we believe that the interest of Fond du Lac in the road is limited to about $12,000 of stock subscriptions. What the amount is at Oshkosh, we are not advised.

Under such circumstances, what was the Company to do? Was it to sit still, and do nothing, waiting for the people north of us to act? Or was it to go along slowly, with the limited means at hand, in the hope of reaching Fond du Lac some time next year by the use of funds furnished from this end of the line? Was there no other alternative? The Company thought that it saw one, and the much talked of "consolidation" between the M. F. & G. B. and the La Crosse Co's was drawn up and signed, depending of course upon legislative action for its conclusion, and, we suppose, still open to alteration by consent of parties.

Now as to this contract. In order to protect and satisfy those who will not otherwise be satisfied, those persons on the line north of the junction who have subscribed stock, can surrender their certificates and have them cancelled.

All subscriptions of stock in this city, or on the line between this city and the junction, are to be called in on terms and at times to be fixed upon by the consolidated company.

All stock subscriptions at Fond du Lac or Oshkosh, or between those towns and the junction, and all stock hereafter subscribed for the straight line road, and all means to be obtained on loans from counties, cities, or villages, on the straight line route, are to be *held and used as a sacred trust for the building of that road and no other*, and to be used, in the words of the contract, for the "construction of a railroad from the junction northerly in the direction of Fond du Lac and Oshkosh."

The balance of the Milwaukee city bonds, say $100,000, is also to be held sacred for the same good purpose.

With the exception of the above named, the consolidated company is to use all of its resources energetically for the building of the road towards Portage City, with the intention of reaching the Junction by the 1st of August next, and Horicon by the 1st of October. Here, in order to obtain a connection with Fond du Lac whether the good people of that city will act or not, the Consolidated Company are to endeavor to arrange such a connection with that part of the Valley Railroad already built, as will bring the cars into Fond du Lac by the 1st of December.

The above is the *gist* of the contract, so far as relates to the straight line road, and it is sufficient to satisfy any reasonable mind that the Directors of the M. F. & G. B. R. R. have not for a moment lost sight of their particular interest, but that it is amply provided for. We believe that we are fully authorized in saying that just as soon as $200,000, or as much more as may be had as an evidence of an interest in the work, shall be subscribed or provided for at Oshkosh, Fond du Lac, and on the line beyond the junction (which amount would build and equip about 15 miles of road) the Company will take hold of the straight line in earnest, and push it through.

Now, our friends up north have the whole plain story. Milwaukee *has* done a good share already, and is ready to do more, but the calls upon her resources are numerous about these days, and it is but fair that the farming country and the towns in the interior, who are also to be benefited, should also bear a share in the labor and expense—labor which will be rewarded—expenditure which will not be like money cast into the sea, but which will be *well* invested, and return ample dividends. What say our good friends of Fond du Lac and Oshkosh? Shall we not have some earnest action on your part?

A Foe in the Field.—George Saunders, who has been rejected by the Senate as Consul to Liverpool, will have an opportunity to come home and stir up his opponents of the other faction of the "regular democracy," in the savage style of his articles in the Democratic *Review* during the campaign of 1852.

An Acknowledgment.—The Detroit *Advertiser* acknowledges the receipt of a "document" containing the President's Message and accompanying documents, with the cool remark that "many of the latter are almost as entertaining and instructive as the Message itself."

New York Canals.—The New York Canals have paid last year $1,093,476 for repairs; also, $1,300,000 to the Sinking Fund; also, $350,000 to the General Fund Debt; and $200,000 to the support of Government, and left a surplus of $200,000.

Legislative Matters.

CORRESPONDENCE OF THE SENTINEL.

The Capital Punishment Bill—The Liquor Bill.

Madison, Feb. 20.

Editors of the Sentinel:

The two absorbing subjects in the Senate, to-day, have been the bill to restore the death penalty, and the liquor bill. The former was discussed at some length in committee of the whole, in the course of which Mr. Cary remarked that before the adoption of the death penalty, the courts had the power to admit to bail persons accused of murder, at their discretion.

Judge Dunn replied that Mr. Cary was correct in the main, but that the discretion of courts under the old law was limited by constitutional authority. They might admit to bail in doubtful cases, but they could not when the proof was conclusive or the presumption great; but by the act abolishing the death penalty, the courts were deprived of all discretion in the matter. No matter how conclusive the proof or how aggravated the circumstances of the case, bail could not be refused if demanded. Some Senators seemed to have adopted the opinion first advanced, I believe, by Mr. Orton, in the Assembly, that the legislature could obviate the difficulty (of admitting murderers to bail) by fixing the *minimum* of bail in such cases so high that it would be beyond the reach of such applicants, and yet not be an infraction of the constitution.

I have not heard the above opinion contradicted, in either house, but it is quite clear to my mind that the position is untenable. The constitution declares that "excessive bail shall not be required." What does this mean? Evidently that it shall not be placed beyond the reach, in ordinary cases, of those entitled to it; and if murderers are entitled to bail at all, they are entitled to it on the same reasonable terms as any other class of criminals, and if so, the avowed object sought, would nullify the means used to accomplish it.

And while I am expressing an opinion or two of my own, I may as well say that I am a little surprised that those who oppose capital punishment should be shocked at the idea of admitting murderers to bail. If the crime of murder is to be reduced to a level with other crimes in respect to the punishment, why should not the murderer be entitled to as much consideration as criminals meriting the same kind and degree of punishment in other departments of wrong-doing? Is it because the murderer may *repeat* the crime, if allowed to soon at large? So the perpetrator of robbery, grand larceny, arson, rape or any other crime, might repeat it if admitted to bail. Is it because the crime is so much greater than any other? Then why reduce the penalty to that of other crimes? Why regard the murderer, *before* conviction, as the greatest of all criminals, and *after* conviction, as no greater than many others after all? It must be that our most enlightened reformers have still now and then a streak of darkness playing around their coat tails, and sometimes getting between them and broad daylight. Really if the difference between murder and other high crimes is a mere goose-and-gander question, what is sauce for the one should be sauce for the other. The committee rose and had leave to sit again on this subject.

The Senate have adopted the Liquor bill of the Assembly, with a very singular amendment, and ordered it to a third voting. The amendment provides that the act shall be submitted to the people at the next general election and if they vote *in favor* of it, it shall take effect on the *first of January* 1854; if they *reject* it, it shall take effect on the *first of June* 1854. You may be curious to know why the act is to be submitted to a popular vote, if it is to become a law whatever that vote may be. The object is this: If the popular vote should be in the affirmative, it becomes a law of course; if in the negative, the next legislature can repeal it before it takes effect.—This is understood to be a measure of the opponents of the bill with a view to defeat it either in the Assembly or before the people; and there are always some in every legislative body who are glad of an opportunity to vote on both sides of a delicate question, so as to be sure they are right, and this is supposed to afford an opportunity of this kind—with how much accuracy, I cannot say. Some of the friends of the measure in the Assembly are determined to vote against the whole bill sooner than concur in the amendment of the Senate.

In the Assembly, the morning hour lasted nearly all day under a suspension of the rules, so you see that Joshua is not the only man to command the sun and moon to stand still.

Amongst the "petitions &c." presented, was one from Washington county, praying that the Milwaukee and La Crosse R. R. Co. might be required to fence the grounds through which they might run their road, and a remonstrance from Milwaukee county against authorizing towns and counties to loan their credit to Rail Road Companies. A large number of remonstrances against the Dane county court bill were presented. Mr. Orton presented a paper signed by several Merchants of Madison who had signed a remonstrance against the Dane county court bill, stating that they did so under erroneous impressions and because requested to do so. Whether they signed the paper presented, under similar circumstances did not appear. Suffice it to say that when the bill was reached in the afternoon, the amendment of the Senate (the only question which could be taken) was non-concurred in—Mr. Orton voting with the majority. It is thought by some that the Senate will recede and pass the bill, giving the county court of Dane county concurrent jurisdiction with the circuit court in all civil cases involving *over* $20,000. But this I think is doubtful. However, there is no knowing till we see. If they do, they ought to fill the gap by raising the jurisdiction of Justices of the peace *up to* $20,000; and then while their hand is in, do the same all over the state and abolish circuit courts altogether.

Under the order of Resolutions &c., Mr. Wright, of Racine, introduced the following:

> "Whereas, the measure commonly known as the Missouri compromise has been regarded as a sacred agreement for the settlement of a great National question for more than 30 years by the people of these United States, its binding obligation having been repeatedly acknowledged by the most prominent Statesmen of our Country both north and south; Therefore,
>
> Resolved, by the Assembly, the Senate concurring, That any alteration, modification, or repeal of the Missouri compromise would be unjust, and detrimental to the best interests of the people, calculated to weaken and impair the fabric of our government by a fresh renewal of those agitations which in times past have threatened a dissolution of the confedracy of States.
>
> Resolved, That the Governor furnish copies &c."

This was referred to a select committee of three, consisting of Messrs. Wright, Noggle and Bartlett.

Mr. Hull moved a suspension of the rules for the purpose of referring the resolutions offered by Mr. Hale on yesterday, and those of Mr. Bartlett, which had been ordered to a third reading, to the same committee.

Upon this motion a very animated and able discussion arose, involving the whole subject of territory and slavery from 36,30 to 54,40. There being three distinct propositions, or statements of the same proposition, the fight was somewhat triangular in its character. The discussion was chiefly conducted by Messrs. Wright, Hale, Bartlett, Remington, O'Neil, Barney and Gary. I have no time to give even a sketch of the debate. There was some sharp shooting and now and then a palpable hit; but the discussion was dignified and some of the speeches, both for manner and matter, would have done honor to men in higher stations. The motion to suspend was lost.

In the afternoon a bill was introduced, to pay the City Guards of Kenosha for attendance at the execution of McCaffery. Upon this, a discussion arose between Mr. Hale, a member from Waukesha, and Mr. Donaldson, on a motion to strike out the enacting clause, Mr. D. maintaining that the said Guards had been paid and, Mr. Hale denying it. Mr. D. succeeded in maintaining his position, and the bill was rejected. S.

Fancy Poultry.—Barnum, the redoubtable showman, has sold fancy poultry during the last year, to the amount of $22,000.

A Remarkable Vote.

On the 16th, in the U. S Senate, Douglas' amendment to the Nebraska bill was adopted, by the following vote;

Yeas—Adams, Atchison, Bayard, Bell, Benjamin, Brodhead, Brown, Butler, *Cass*, Clayton, Dawson, Dixon, *Dodge* of Iowa, *Douglas*, Evans, Fitzpatrick, Geyer, *Gwin*, Hunter, Johnson, *Jones* (of Iowa), Jones (of Tennessee), Mason, Morton, *Norris*, Pearce, *Pettit*, Pratt, Sebastian, Slidell, *Stuart*, Thompson (of Ky.), Toombs, *Weller*, and *Williams*, 35 (*Northern Senators in italics—all "democrats."*)

Noes—Allen, Chase, Everett, Fish, Foot, Houston, Seward, Sumner, and Wade—10

(Where were our Senators, Messrs. Dodge and Walker?)

The amendment above referred to is in substance as follows;

> That the constitution and laws of the United States which are not locally inapplicable shall have the same force and effect within the said Territory of Nebraska as elsewhere within the United States, except the eighth section of the act preparatory to the admission of Missouri into the Union, approved March 6th, 1820, which was superseded by the principles of the legislation of 1850, commonly called the compromise measures, and is hereby declared inoperative.

Now look for a moment, and see how these doughface Senators stultify themselves in abusing their high trust. The "Compromise" of 1850 contained the following clause, introduced as an amendment in order to leave no doubt of the intent of the action of Congress;

> "Nothing herein contained shall be construed to *impair or qualify anything* contained in the third article of the second section of the joint resolution for annexing Texas to the United State approved March 1, 1845, either as regards the number of States that may hereafter be formed out of the States of Texas, or *otherwise*."

By referring to the joint resolution annexing Texas, in 1845, we find that it expressly affirms the Missouri Compromise, in words as follows:

> "*In such State or States as shall be formed out of said territory north of said Missouri Compromise line, slavery or involuntary servitude, except for crime, shall be prohibited.*"

Yet Messrs. Cass and Stuart, of Michigan, Dodge and Jones, of Iowa, Douglas, of Illinois, Gwinn and Weller, of California, Norris and Williams, of New Hampshire, Pettit of Indiana, and Brodhead of Pennsylvania, eleven northern democratic Senators, vote solemnly that the Compromise of 1850 abrogates—supersedes—the Missouri Compromise!

Documentary History of Wisconsin.

We publish with pleasure the following Report of the select Committee to whom was submitted the communication of Gen'l W. R. Smith, the accomplished historian of our state, relative to the progress of his important work;

REPORT:

The following select committee, to whom was referred the special message of the Governor, communicating to the legislature the letter of General W. R. Smith, in relation to the compilation of the Documentary History of Wisconsin, report:

That they have examined the result of the labors of the last eighteen months, in collecting and arranging the great mass of material intended to form the history of Wisconsin, as separated by the compiler into three distinctive parts: Historical, Documentary, and Descriptive; the first part consisting of the authentic history of the State, from the advent of the Jesuit Fathers in 1633, down to the present time; the second part comprising all matters general and local, which may elucidate such history; and the third part embracing the description and statistics of each county in the State, as divided into towns. In this distribution of the several parts of the State History, each one may be considered as distinct from the other, and forming together a whole and complete work.

Your committee feel justified in arriving at the conclusion that in view of the time expended and the labor performed in the collecting and arranging of the materials necessary for the work in contemplation, the compiler has exhibited much zeal, industry and intelligence; and that the history of Wisconsin will exhibit, when completed, a work alike honorable to the compiler and the State.

Your committee find that the compiler has caused to be transcribed from the original manuscript, into substantially bound folio volumes, the several parts of the state history as fast as any portion is completed; this transcription is daily going on, whereby the accidental loss of any part of the finished manuscript, will not be productive of injury. These volumes are, together with the manuscript, deposited in the office of the Executive of the State; the compiler is bound by law to deposit the manuscript only, and your committee approve of the transcription of the volumes as an excellent preservative act.

Your committee also find that the time of the compiler has been principally occupied in collecting materials for the history during the preceding eighteen months, in the country lying on the Lake shore, and in the centre of the state, and in those which lie south of the Fox and Wisconsin river. In point of territory, and of deep interest also, nearly two-thirds of state remain yet unvisited by the compiler. Such personal visit is necessary for the true description of the local advantages of counties, and time has not yet permitted to be done; a travel of three months affords materials sufficient for study and arrangement for the rest of the year.

Your committee state, that as the copyright of the work in contemplation belongs to the state; the labor of the compiler and his present interest therein, (independent of his hopes and anxieties as to the result of his labor,) ceases when his manuscript is completed and deposited in the office of the Executive of the state. Already sufficient material has been transcribed into the volumes, to form the volume of state history; and at least one volume of documentary history. The descriptive history will gain by delay, until the whole is ready for publication, as the importance of counties is daily increasing with the almost unparalleled growth of our state. Your committee recommend a publication, during the present year, of such matter as is now finished, and in hopes that such recommendation may be concurred in by this legislature, your committee would respectfully ask its favorable consideration of the bill herewith presented, providing for such publication.

Your committee would further suggest that inasmuch as the transcription of the manuscript into volumes, has been a work of much labor and care, and one, too, which will tend much to the proper preservation of the work already so well commenced and successfully prosecuted by the energetic and talented compiler, a sufficient sum be appropriated to defray the expenses of such transcription; and beg leave to present herewith a bill to provide for such payment.

Respectfully submitted,

C. A. Eldredge,
of the Senate,

The centre of the world.—The Indiana *State Journal* publishes a wood cut exhibiting the lines of railroad and plank road "finished, in progress, and contemplated," which are to centre at Indianapolis. Judging from the looks of the map we should think there were about 5000,000,000 miles or less, in all. We don't see but that Chicago will have to yield its claim of being the centre of the world.

☞ The Geneva, N. Y. *Gazette* says that no less than sixteen axles of railroad cars were broken on the Central road the week before last. They became contracted by cold, and snapped off like pipe-stems.

Mr. J. P. Perkins, violinist, aged 18 years, of Boston, has been recently admitted as a pupil at the Conservatoire Imperiale, at Paris, over more than thirty "concurrants." This is the first instance of an American violinist being admitted.

The Modesty of True Gallantry.—Messrs Zerago & Co., of this city have kindly sent us the following note from Captain Stouffer of the *Antarctic*, communicating to them the memorable event in which he was an actor:

Liverpool, January 24.

I beg to inform you of the arrival of the *Antarctic* in the river on the 23d inst., where I am compelled to remain until the 27th, owing to the tides.

On the 3d inst., in lat. 39 40, long. 62, fell in with steamer *San Francisco*, and took from her the Captain, Purser, two officers, three Lieutenants and about 190 U. S. Government troops, which detained me about 54 hours.

Your obedient servant,
(Signed) GEO. C. STOUFFER.

The most heroic military commanders have been the most famous for the modesty of their bulletins, but surely a more modest bulletin was never penned by hero than this.

☞ In a lecture on China, delivered at Bolton, England, Dr. Bowring said it had been calculated, that if all the bricks, stones, and masonry of Great Britain were gathered together, they would not furnish materials enough for a work such as the Wall of China; and that all the buildings in London, put together, would not have made the towers and turrets which adorn it.

GLEANINGS FROM THE MAILS.

A Welcome Citizen.—We understand that Capt. Creighton, of the ship Three Bells, whose excellent conduct as related to the rescuing of passengers and crew of the ill-fated San Francisco, has won for him so much deserved praise has determined to become a citizen of the United States, and either has, or is about to declare his intentions to that effect.—*N. Y. Tribune.*

Breadstuffs Lost at Sea.—It is stated that within 2 months 80 vessels freighted with grain and flour have been lost at sea. Some of them were first class ships, of large size.

A Canada paper, speaking of the opening of the Great Western Railway says:—"As the first train of cars sped through the marshes of West Tilbury, on Tuesday last, a herd of wild ponies took fright, ran away, swam the Boston, Pike and Belle rivers, plunged into the wild St. Clair, made good the American shore, and were seen, on Wednesday, on the Plains near Chicago, making upward of three hundred miles in twenty four hours! Most of them went on snow-shoes!"

Shooting Challenge Extraordinary.—John Travis, the well known professor of the pistol in New Orleans, has accepted the following remarkable challenge from Mr. Bertin L Rhodes.—Rhodes bets Travis $1,000 to $800 that he [Travis] cannot, within ninety days, produce a living man, who standing thirty six feet from the said Travis, will allow him [Travis] to shoot with a pistol, [off hand,] an apple placed on the said living man's head, the apple not to exceed four inches in circumference. The said Travis is to have three shots at the apple, and must hit the apple once to win the match. If he does not hit the apple, or if he hits the man, Rhodes wins.—The match is to come off within ninety days, and within five miles of the city of New Orleans.

Is Uncle Sam Rich Enough?—It is estimated that the value of public lands for railroads, asked from this session of Congress, according to the bills introduced or projected, amounts to the enormous sum of $350,000,000.

The New York Crystal Palace Association, have purchased the copy of Kiss' magnificent statue of "The Amazon," for $10,000.

A Large Pear Tree.—Henry Ward Beecher tells of a pair tree in Illinois, about ten miles from Vincennes, Ind., that bore 184 bushels of pears in 1834, and 140 bushels in 1840, of large sized pears. One foot above the ground it girths ten feet, and nine feet above, six and a half feet, and its branches spread over a space sixty-nine feet wide. It is said to be about fifty years old.

The Tribune learns from good authority that a new Metropolitan Hall is to be built; not however, on the old site, but a little south of it, by the Bond street House—entrance on Broadway, where the Academy of Design now stands. The building will be similarly situated with the old Hall, in so far as it is to back on Mercer. Capital $300,000, already taken.

Washington National Monument.—The total amount received, funded stock, interest, &c., during the past year, was $40,020 31. The expenses during the same period amount to $40,494 97, leaving the Society in debt $475.66. The sum of $10 000, however, remains over and above the account, which is not enumerated in the financial statement, but only the interest that it produces, viz:—5 per cent, having been deposited at Corcoran & Riggs' Bank.

A correspondent enquires if the "miseries of editors'l are so numerous and overwhelming as is often averred, why any persons can be found to continue for any length of time in such an unhappy vocation?

This is a question, like many others, more easily asked than answered—unless on the principle laid down by Nat Lee in one of his tragedies, where he makes the hero say, 'There is a pleasure in being mad, which none but madmen know.'"

Foreign Items.

The London Morning Herald says: We trust that the fact of Russia having a squadron in the China seas has not been lost sight of by the Admiralty, and that measures are taken for the capture or destruction of these men-of-war, before the Russians have such timely knowledge of a declaration of hostilities as may enable them to intercept our gold ships from Australia.

It is mentioned in a Russian account of the battles of Akhaltyck, in Asia, that the Russians gave no quarters to any but Turks. One gun, served by Poles, was charged by Bagawouth's dragoons, and the artillery men, in despair, flung bullets with their hands at the heads of the Russians.

The caravan of pilgrims, which recently returned to Damascus from Mecca, pretend that they found on the tomb of Mohammed a letter addressed to the Sultan, in which the prophet promises him victory over the Russians. The latter was, it is said, immediately forwarded to Constantinople.

The Turkish commandant at Rahova, (Danube,) is Genge Aga, the same who led the storming party at Missolonghi, nearly thirty years ago, and, although now a graybeard, retains his name of "Youthful Aga."

It is positively stated, in a letter from one of her Majesty's ships, under command of Admiral Dundas, at Constantinople, that after the destruction of Sinope numerous pieces of eighty-six pounders' shells were found there, marked with the broad arrow of the English dockyards.

The Press and Nebraska.

The Democratic press of the North is pretty generally in favor of Mr. Douglas' bill, in relation to Nebraska. Among the leading and influential papers which advocate Congressional non-intervention, in that matter, we notice the Boston Post and Boston Times, the New Hampshire Patriot, the Hartford Times, and New Haven Register of Connecticut, the Philadelphia Pennsylvanian, the Detroit Free Press, the Cleveland Plaindealer, the Ohio Statesman, the Indiana State Sentinel, with others scarcely less note and influence.—*Cin. Enq.*

The Editor of the Boston Post is Naval Officer of Boston, with a salary of $5,000 a year. A near relative of his is Post Master of Boston, with $6,000 a year. One of the Times' Editors is Despatch Agent, with $1,000 a year. A brother of the proprietor is in the Custom House, and he himself is an applicant for the Navy Agent office. The N. H. Patriot is the receiver and disposer of the patronage of that State. The Hartford Times is not in favor of Douglas' bill, but is out and *against* it. The Editor of the Indiana Sentinel is U. S. Mail Agent for the North-West. Of the other papers we know but little, but we have no doubt that the Editors or proprietors of each are in receipt of government money.—*Cin. Gaz.*

Navigation on Lake Ontario.—The Toronto Globe of the 19th inst., says, the steamer Princess Royal brought another locomotive from Rochester for the Great Western Railway on Friday last.—On her way up, she touched at the Queen's Wharf, and went on to Wellington Square. The Mazeppa and Chief Justice left the Queen's Wharf at the usual hour yesterday. The entrance to the wharf is now pretty free from ice; but all the way up to Hamilton, ice is to be met with in large fields. Bayard Taylor.—This gentleman, who is to treat our citizens to a lecture or two before long receives the following characteristic notice from the organ of society "above Bleecker," the *Home Journal*:

"He has come home," says the Journal, with his original type of modesty and poetry, all unchanged—as gentle and romantic looking a Bayard as ever—but he has brought home also a certain Saracenic repose of tone and mien, which (by at least, the consent of a very silken and becoming moustache and beard) enhances him and his expression uncommonly. He has plumped out, too—weighing twenty pounds more than when he left, he tells us—and is altogether, quite a specimen of completed development, physical and spiritual."

In reference to his manner of speaking, the Journal says:

"Taylor's enunciation and emphasis, particularly, are admirably *cosmopolised* by his intercourse with people of all languages. It is quiet, beautifully deliberate and well weighed, both deferential and self-respectful, and so eminently engaging the attention. Interesting as his books may be, hereafter, the public (ladies particularly) will like best the turning over of the two leaves of his lips—bound in silk as that rosy pamphlet at present is."

The Nebraska Bill Wont Pass Here.—An excellent *impromptu* was got off by the inimitable M'Vicker at the Theatre on saturday night. In the play of the *Masquerade Ball*, one of the actors handed to Mac a five a five Dollar Bill, as payment for a ticket to the Ball. He took the bill, examined it for a moment, and then, handing it back to him, exclaimed, with that tone and manner impossible to imitate:

That's a Nebraska bill? It wont pass here. A shout of laughter and applause, which shook the Theatre, attested the hit he had made on the anti-Douglas feeling of the house.—*Chicago Tribune.*

CIRCUIT COURT—Feb. 22d.

JUDGE HUBBELL PRESIDING.

Ferdinand Kalkhof vs. Francis Heubschman.—Action of Trespass—Jury Trial.

Cause submitted to jury, who came in after being out three hours, stating that they could'nt agree on a verdict. The court ordered them to their room for one hour more (the counsel being absent) at which time if they failed to agree, they would be discharged. In an hour the jury again came in and stating they could'nt agree, were discharged.

Lawrence Meyers and Philip Pike vs. Jerome B. Topliff and Sidney Evans. Action in assumpsit—Jury Trial. McGregor & Tenney for Plffs. —Yates and Mariner for defts.

This was an action brought on a promissory note, given on the 25th June 1851 for the sum of two hundred and thirty-four dollars, payable six months from date, signed Topliff and Evans, and was for liquor sold to the defendants by the plaintiffs.

The defence set up was that the plaintiffs had sold to the defendants the liquor for which the note was given—they, the plaintiffs, having no license to sell liquor at the time—defendants claiming that on those grounds the note was void. A stipulation was entered into between the parties, in which it was admitted that the plaintiffs, at the time the cause of action arose, were residents of the city of New York, doing business as wholesale liquor dealers, and that defendants were residents of Wisconsin; that plaintiffs sent on the liquor from N. Y. to Brown & Larkin, with instructions not to deliver the liquor till a note was given—the identical note on which this suit was brought. Several witnesses were introduced to prove the sale of liquor by the plaintiffs, and one sale besides this being shown. The following is the testimony of one of the witnesses:

Wm. Armstrong sworn—knows Mr. Myers, not Mr. Pike—they are jobbing merchants in New York, that is as I was learned in the trade—they buy liquors from importers, mix them and sell them again. In 1851 they had some in a warehouse they wanted to sell—a man named Pike asked me to buy. I refused to buy because I found out he was an adulterer, instead of an importer. I was present when Pike bargained with Evans to sell him some liquor. There was two or three qualities of a superior kind that he said he wanted to introduce into Wisconsin—he described how he could get it through the custom house without paying the duty. On the same day he solicited other men to buy—he also took me down to the Eastern Hotel to try and sell some liquors to John S. Mitchell.

Cross examined.—Don't know that plaintiffs adulterated liquors myself, only as far as I could understand, of my own knowledge; I don't know that they had any liquor or not; plaintiff told me they had sent it on as samples of what they had to sell; they wanted to supply the whole state: when we went to the Elm Grove we had something to drink and some tea, and I paid for the whole of it. There was an agreement entered into that some liquor was to be sent on, and if it suited a note was to be given for it. If you'll allow me to tell the whole of it, I'll tell you; I was to be one of them that was to buy the liquor; I was unwell and didn't have a chance.

By a juror.—He sold some to Evans conditionally that if it was good he was to pay for it.

Counsel. Did you ever buy any liquor from the plaintiff, in this suit. *Wit.*—well no, I never did, not myself, somebody else did for me. *Counsel*—were you ever sued for that liquor? *Wit.*—Yes sir, I was sued and you were counsel on the other side—my lawyer didn't appear—they got judgement against me for default, not for the liquor; (I suppose the Court record will show that it was for default and not for liquor)—I'll own it right up, "I'd just as leave tell you as not." *Counsel*—that will do. Witness left the stand mumbling to himself, "it was for default, not for liquor."

It was shown that plaintiff had offered to sell to several men who dealt in liquor, and none had purchased.

In summing up it was contended by defendants, counsel; that, as was shown by the proof, and by the stipulation also, the liquors were subject to the approval of Evans, one of the defendants, on their arrival in Milwaukee, and who might on tasting reject or take them; consequently, the sale, and the contract, both took place in Milwaukee; and was a violation of law—the plaintiffs having no license to sell liquor in Milwaukee.

Plaintiffs counsel contended, that the sale was made in New York; that when the liquors were delivered to the common carriers in New York the sale was completed; and consequently the violation of the law of this state had taken place.—That as no proof had been shown, as to who had to pay the freight on the liquors from New York the reasonable construction, laid upon the ordinary rules of trade, was, that the defendant had to pay the freight; and the liquors were theirs when delivered to the carrier in New York. That in the law relating to the licensing liquor dealers' giving a bond conditioned to keep an orderly house &c. was a requisite, but a man coming in from New York to sell liquor wholesale, or one cask, could not be expected to give such a bond—would a Sheriff who had levied in a cask of liquor and afterwards offer it for sale, be compelled to give a bond to keep an orderly house &c.

After a short charge from the Judge the jury retired.

The jury after being out about two hours, returned a verdict of no cause of action.

POLICE COURT—Feb. 22d.

The case of the State vs. William Hooson for assault and battery upon Joseph Allsop on the 10th of Feb., was adjourned till March 1st, at 10 A. M.

Another Locomotive.—Another powerful locomotive is about completed at the Menomonee Works in this city, and nearly ready for delivery. We understand that it will probably be purchased by the Michigan Central R. R. Co., if not immediately wanted by the Milwaukee & Mississippi R. R. Co. It is about the same size as the *Walker, Palmyra*, and *Madison*, efficient engines built for the latter company.

Weather.—The atmosphere was warm enough early yesterday morning to give promise of a general thaw and breaking up of the roads, but by 10 o'clock the clerk of the weather had changed his mind, and a wind rose which played various and sundry pranks of more or less interest throughout the day, and was cold and sharp enough to make out door business decidedly uncomfortable.—Among other items performed by Boreas was the throwing down of the brick wall at the end of the Methodist Church on Spring St., recently burned.

Masonic Ball.—This affair came off night before last at the Metropolitain, according to programme, and was carried through in grand style, from begining to end. Belden's part of the entertainment was fully equal to expectation, and that was unlimited. Solomon, and Hiram of Tyre, and the Queen of Sheba, could'nt have had a better time at *their* Masonic festivals.

Real Estate Sale.—We learn that two river lots next South of Layton & Plankinton's Packing house, on West Water Street, have been purchased by Mr. Burnham for $9,000.

☞ We have in hand the opinion of Judge Miller, of the U. S. District Court, in the case of Louisa Hall vs. Harvey B. Burch and George E. Brown, and shall publish it to-morrow. It will be found interesting, and is of importance as discussing various points relative to the homestead exemption law of our state.

Washington's Birth Day.—The Military Companies of our city,—the Washington Guards, City Guards, Rifles, and Dragoons, were out on parade yesterday, in honor of the birthday of the Father of his country, and presented a fine appearance.—The salute was fired by the first named company

ERIN.

FROM AN OLD IRISH NEWSPAPER DATED 1797.

When Erin first rose from the dark swelling flood,
God bless'd the green island and saw it was good;
The Emerald of Europe it sparkled and shone
In the ring of the world the most beautiful stone.

In her sun, in her soil, in her station thrice blest,
With her back towards Britain, her face to the west,
Erin stands proudly insular on her steep shore,
And strikes her high harp midst the ocean's deep roar.

But when its soft tones seem to mourn and to weep,
The dark chain of silence is thrown o'er the deep,
At the thoughts of the past, tears gush from her eyes,
And the pulse of the heart makes her white bosom rise.

O sons of green Erin, lament o'er the time
When religion was war, and our country a crime,
When men in God's image inverted his plan,
And moulded their God in the image of man.

When the interest of state wrought the general woe,
The stranger a friend, and the native a foe;
While the mother rejoiced o'er her children oppress'd,
And clasp'd the invader more close to her breast.

When, with Pale for the body, and Pale for the soul,
Church and State join'd in compact to conquer the whole;
And as Shannon was stain'd with Milesian blood,
Eyed each other askance and pronounced it was good.

By the groans that ascend from your forefather's grave,
For their country thus left to the brute and the slave,
Drive the demon of bigotry home to his den,
And where Britain made brutes let green Erin make men.

Let my sons like the leaves of the shamrock unite,
A partition of sects from one footstalk of right;
Give each his full share of the earth and the sky,
Nor fatten the slave where the serpent would die.

Alas! for poor Erin that some are still seen
Who would dye the grass red from their hatred to green,
Yet, oh! when you're up and they're down, let them live
And yield them that mercy which they would not give.

Arm of Erin be strong! but be gentle as brave!
And uplifted to strike, be still ready to save!
Nor the feeling of vengeance presume to defile
The cause of, or men of, the Emerald Isle.

The cause it is good, and the men they are true,
And the green shall outlive both the orange and blue;
And the triumphs of Erin her daughters shall share,
With their full swelling breasts and their fair flowing hair.

These bosoms heave high for the worthy and brave,
But no coward shall rest on that soft swelling wave,
Men of Erin awake! and make haste to be blest,
Rise—arch of the Ocean—and Queen of the West.

Eagle Furnace—Buffalo.—Business men who advertise their wares to a long distance are very apt to have something on hand to make it worth while for customers to visit them. So we invite attention to the card of the Eagle Furnace of Buffalo, in our advertising columns to-day.

Milwaukee & Mississippi Railroad.—The receipts of the Milwaukee and Mississippi Railroad Company last year—from January to January, a mode of keeping accounts which we think that all Corporations would do well to adopt when practicable—were $221,455 68, and the net earnings $134,340 14. A stock dividend of 10 per cent, was declared. The road from Milwaukee to within sixteen miles of Madison, the state capital, will be ready for the cars next spring, and the Company are in a condition to put it under contract to the Mississippi whenever they please. The capital stock is $1,542,200.—*Chicago Journal*

The road was completed, on the 1st of January, to within 16 miles of Madison, a distance, including Janesville branch, of 90 miles. The amount mentioned above as "capital stock," is the amount *subscribed*.

Sold.—The schooner Japan, now lying in the harbor of Buffalo, was purchased recently by C. Mears & Co., of this city, for 10,000. She was launched at Milan last Summer, is 245 tons burthen, and will probably hereafter be employed in the lumber train.—*Chicago Tribune.*

Hogs Packed in Cincinnati.

After an unusually protracted season, the packing business in this city has pretty generally closed, though a few thousand head will yet be cut by one or two houses.

A Wholesome Thought.

"Bring hither the poor, the maimed, the halt, and the blind," if you would have them healed of their many infirmities. We boldly and fearlessly assert that the Mustang Liniment will positively cure Rheumatism. Let any who are afflicted with that most painful complaint try it thoroughly according to the directions, and if they are not cured, we will give them their money back. What more can we say? It will also cure the Piles. Thousands have tried it—and all were cured. Bruises, Sprains, Sores, or Eruptions fade away as if touched by the magician's wand. Its application to a Burn or Scald acts like 'oil upon the troubled waters.' The tempest of pain and agony is soon stilled, and the Patient is hushed to quiet and peaceful slumbers. 'There is a balm for every wound,' and that balm is the Mustang Liniment. Everybody that sells medicines keeps it for sale. 'Hold your Horses!' and if they are crippled, galled or sprained, use the Mustang Liniment. See advertisement in another column.

Ayer's Cherry Pectoral is a most excellent remedy for Coughs and Colds. We have had occasion to try its virtue repeatedly during the winter just closed, and always found its use attended with beneficial results. Those who are afflicted in this way, will do well to try it. It can be had at almost any of the Drug Stores.—*Hollidaysburg Register Pa.*

Holloway's Ointment and Pills.
A CERTAIN REMEDY FOR SORE LEGS.

Copy of a Letter from Mr. William J. Langley, of Huntsville, Yadkin County, North Carolina, dated November 1st, 1853.

"To Professor Holloway—

Sir—It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say, that your *Ointment and Pills* have cured me of one of the most disagreeable cutaneous diseases that flesh is heir to; which was considered by all who knew me to be entirely beyond the reach of medicine. For nine years, I was afflicted with a painful and troublesome sore leg, and after trying every medicine I had ever heard of without success, a friend brought me a couple of large boxes and pots of your medicines, which caused the sores on my leg to heal and I entirely regained my health to my agreeable surprise and delight, and to the astonishment of my friends.

Milwaukee, Fond du Lac & Green Bay R. R.---Consolidation, &c.

We have observed lately articles in the Oshkosh and Fond du Lac papers, alluding to the proposed consolidation of the M. F. & G. B. R. R. with the La Crosse R. R. in such terms as to show that the people of those localities have nearly concluded that the managers of the former enterprize had resolved to abandon the straight line altogether, and to turn all of their resources into the La Crosse route, leaving Fond du Lac and Oshkosh without railroad communication with us. Knowing that such a movement would be entirely opposed to the interests of our city as well as of the thriving towns above named, and of the country along the route and beyond, and being unwilling to believe that the Directors of the M. F. & G. B. R. R. would consent for a moment to any such arrangement, we have taken the earliest opportunity to obtain information from the Directors as to their plans. This we proceed to lay before our readers.

Before doing so, however, it is proper to remind the reader that the M. F. & G. B. and the La Crosse routes leave the city together, and run together for about 18 miles to what is termed the "Junction," whence the first stretches on a direct line towards Fond du Lac, the second turning westwardly. Our city, as a matter of course, takes a deep interest in both of these roads, and by stock subscriptions and by the loan of its credit has manifested that interest openly and certainly: in the case of the M. F. & G. B. road, the stock subscriptions amounting to about $120,000, and the city credit being loaned to the amount of $200,000. About one half of this last sum has been issued, and is being expended in building the line between here and the junction. Milwaukee, having thus given a good lead for the enterprise, had a right to expect that the towns, villages, and cities along the route, for whose great benefit as well as her own the road would be built, would second her efforts with a liberal hand, and a hearty good will.

The facts, however, show that, north of the junction on the straight line route, many of the farmers, whose promises of liberality as to the right of way had been unbounded, have raised their prices to ruinous rates for the company, and that our friends at Fond du Lac and Oshkosh, taking counsel of their fears rather than their hopes, and listening to every suggestion to the disparagement of the Company made by persons interested in other projects, have held back; and at this day we believe that the interest of Fond du Lac in the road is limited to about $12,000 of stock subscriptions. What the amount is at Oshkosh, we are not advised.

Under such circumstances, what was the Company to do? Was it to sit still, and do nothing, waiting for the people north of us to act? Or was it to go along slowly, with the limited means at hand, in the hope of reaching Fond du Lac some time next year by the use of funds furnished from this end of the line? Was there no other alternative? The Company thought that it saw one, and the much talked of "consolidation" between the M. F. & G. B. and the La Crosse Co's was drawn up and signed, depending of course upon legislative action for its conclusion, and, we suppose, still open to alteration by consent of parties.

Now as to this contract. In order to protect and satisfy those who will not otherwise be satisfied, those persons on the line north of the junction who have subscribed stock, can surrender their certificates and have them cancelled.

All subscriptions of stock in this city, or on the line between this city and the junction, are to be called in on terms and at times to be fixed upon by the consolidated company.

All stock subscriptions at Fond du Lac or Oshkosh, or between those towns and the junction, and all stock hereafter subscribed for the straight line road, and all means to be obtained on loans from counties, cities, or villages, on the straight line route, are to be *held and used as a sacred trust for the building of that road and no other*, and to be used, in the words of the contract, "for the construction of a railroad from the junction northerly in the direction of Fond du Lac and Oshkosh."

The balance of the Milwaukee city bonds, say $100,000, is also to be held sacred for the same good purpose.

With the exception of the above named, the consolidated company is to use all of its resources energetically for the building of the road towards Portage City, with the intention of reaching the Junction by the 1st of August next, and Horicon by the 1st of October. Here, in order to obtain a connection with Fond du Lac whether the good people of that city will act or not, the Consolidated Company are to endeavor to arrange such a connection with that part of the Valley Railroad already built, as will bring the cars into Fond du Lac by the 1st of December.

The above is the *gist* of the contract, so far as relates to the straight line road, and it is sufficient to satisfy any reasonable mind that the Directors of the M. F. & G. B. R. R. have not for a moment lost sight of their particular interest, but that it is amply provided for. We believe that we are fully authorized in saying that just as soon as $200,000, or as much more as may be had as an evidence of an interest in the work, shall be subscribed or provided for at Oshkosh, Fond du Lac, and on the line beyond the junction (which amount would build and equip about 15 miles of road) the Company will take hold of the straight line in earnest, and push it through.

Now, our friends up north have the whole plain story. Milwaukee *has* done a good share already, and is ready to do more, but the calls upon her resources are numerous about these days, and it is but fair that the farming country and the towns in the interior, who are also to be benefited, should also bear a share in the labor and expense—labor which will be rewarded—expenditure which will not be like money cast into the sea, but which will be *well* invested, and return ample dividends. What say our good friends of Fond du Lac and Oshkosh? Shall we not have some earnest action on your part?

A FOE IN THE FIELD.—GEORGE SAUNDERS, who has been rejected by the Senate as Consul to Liverpool will have an opportunity to come home and stir up his opponents of the other faction of the "regular democracy," in the savage style of his articles in the Democratic *Review* during the campaign of 1852.

AN ACKNOWLEDGMENT.—The Detroit *Advertiser* acknowledges the receipt of a "document" containing the President's Message and accompanying documents, with the cool remark that "many of the latter are almost as entertaining and instructive as the Message itself."

NEW YORK CANALS.—The New York Canals have paid last year $1,098,476 for repairs; also, $1,300,000 to the Sinking Fund; also, $350,000 to the General Fund Debt; and $200,000 to the support of Government, and left a surplus of $200,000.

Legislative Matters.

CORRESPONDENCE OF THE SENTINEL.

The Capital Punishment Bill---The Liquor Bill.

Madison, Feb. 20.

Editors of the Sentinel:

The two absorbing subjects in the Senate, to-day, have been the bill to restore the death penalty, and the liquor bill. The former was discussed at some length in committee of the whole, in the course of which Mr. Cary remarked that before the adoption of the death penalty, the courts had the power to admit to bail persons accused of murder, at their discretion.

Judge Dunn replied that Mr. Cary was correct in the main, but that the discretion of courts under the old law was limited by constitutional authority. They might admit to bail in doubtful cases, but they could not when the proof was conclusive or the presumption great; but by the act abolishing the death penalty, the courts were deprived of all discretion in the matter. No matter how conclusive the proof or how aggravated the circumstances of the case, bail could not be refused if demanded. Some Senators seemed to have adopted the opinion first advanced, I believe, by Mr. Orton, in the Assembly, that the legislature could obviate the difficulty (of admitting murderers to bail) by fixing the *minimum* of bail in such cases so high that it would be beyond the reach of such applicants, and yet not be an infraction of the constitution.

I have not heard the above opinion contradicted, in either house, but it is quite clear to my mind that the position is untenable. The constitution declares that "excessive bail shall not be required." What does this mean? Evidently that it shall not be placed beyond the reach, in ordinary cases, of those entitled to it; and if murderers are entitled to bail at all, they are entitled to it on the same reasonable terms as any other class of criminals, and if so, the avowed object sought, would nullify the means used to accomplish it.

And while I am expressing an opinion or two of my own, I may as well say that I am a little surprised that those who oppose capital punishment should be shocked at the idea of admitting murderers to bail. If the crime of murder is to be reduced to a level with other crimes in respect to the punishment, why should not the murderer be entitled to as much consideration as criminals meriting the same kind and degree of punishment in other departments of wrong-doing? Is it because the murderer may *repeat* the crime, if allowed to soon at large? So the perpetrator of robbery, grand larceny, arson, rape or any other crime, might repeat it if admitted to bail. Is it because the crime is so much greater than any other? Then why reduce the penalty to that of other crimes? Why regard the murderer, *before* conviction, as the greatest of all criminals, and *after* conviction, as no greater than many others after all? It must be that our most enlightened reformers have still now and then a streak of darkness playing around their coat tails, and sometimes getting between them and broad daylight. Really if the difference between murder and other high crimes is a mere goose-and-gander question, what is sauce for the one should be sauce for the other. The committee rose and had leave to sit again on this subject.

The Senate have adopted the Liquor bill of the Assembly, with a very singular amendment, and ordered it to a third voting. The amendment provides that the act shall be submitted to the people at the next general election and if they vote *in favor* of it, it shall take effect on the *first of January* 1854; if they *reject* it, it shall take effect on the *first of June* 1854. You may be curious to know why the act is to be submitted to a popular vote, if it is to become a law whatever that vote may be. The object is this: If the popular vote should be in the affirmative, it becomes a law of course; if in the negative, the next legislature can repeal it before it takes effect.—This is understood to be a measure of the opponents of the bill with a view to defeat it either in the Assembly or before the people; and there are always some in every legislative body who are glad of an opportunity to vote on both sides of a delicate question, so as to be sure they are right, and this is supposed to afford an opportunity of this kind—with how much accuracy, I cannot say. Some of the friends of the measure in the Assembly are determined to vote against the whole bill sooner than concur in the amendment of the Senate.

In the Assembly, the morning hour lasted nearly all day under a suspension of the rules, so you see that Joshua is not the only man to command the sun and moon to stand still.

Amongst the "petitions &c." presented, was one from Washington county, praying that the Milwaukee and La Crosse R. R. Co. might be required to fence the grounds through which they might run their road, and a remonstrance from Milwaukee county against authorizing towns and counties to loan their credit to Rail Road Companies. A large number of remonstrances against the Dane county court bill were presented. Mr. Orton presented a paper signed by several Merchants of Madison who had signed a remonstrance against the Dane county court bill, stating that they did so under erroneous impressions and because requested to do so. Whether they signed the paper presented, under similar circumstances did not appear. Suffice it to say that when the bill was reached in the afternoon, the amendment of the Senate (the only question which could be taken) was non-concurred in—Mr. Orton voting with the majority. It is thought by some that the Senate will recede and pass the bill, giving the county court of Dane county concurrent jurisdiction with the circuit court in all civil cases involving *over* $20,000. But this I think is doubtful. However, there is no knowing till we see. If they do, they ought to fill the gap by raising the jurisdiction of Justices of the peace *up to* $20,000; and then while their hand is in, do the same all over the state and abolish circuit courts altogether.

Under the order of Resolutions &c., Mr. Wright, of Racine, introduced the following:

"Whereas, the measure commonly known as the Missouri compromise has been regarded as a sacred agreement for the settlement of a great National question for more than 30 years by the people of these United States, its binding obligation having been repeatedly acknowledged by the most prominent Statesmen of our Country both north and south; Therefore,

Resolved, by the Assembly, the Senate concurring, That any alteration, modification, or repeal of the Missouri compromise would be unjust, and detrimental to the best interests of the people, calculated to weaken and impair the fabric of our government by a fresh renewal of those agitations which in times past have threatened a dissolution of the confedracy of States.

Resolved, That the Governor furnish copies &c."

This was referred to a select committee of three, consisting of Messrs. Wright, Noggle and Bartlett.

Mr. Hull moved a suspension of the rules for the purpose of referring the resolutions offered by Mr. Hale on yesterday, and those of Mr. Bartlett, which had been ordered to a third reading, to the same committee.

Upon this motion a very animated and able discussion arose, involving the whole subject of territory and slavery from 36,30 to 54,40. There being three distinct propositions, or statements of the same proposition, the fight was somewhat triangular in its character. The discussion was chiefly conducted by Messrs. Wright, Hale, Bartlett, Remington, O'Neil, Barney and Gary. I have no time to give even a sketch of the debate. There was some sharp shooting and now and then a palpable hit; but the discussion was dignified and some of the speeches, both for manner and matter, would have done honor to men in higher stations. The motion to suspend was lost.

In the afternoon a bill was introduced, to pay the City Guards of Kenosha for attendance at the execution of McCaffery. Upon this, a discussion arose between Mr. Hale, a member from Waukesha, and Mr. Donaldson, on a motion to strike out the enacting clause, Mr. D. maintaining that the said Guards had been paid and, Mr. Hale denying it. Mr. D. succeeded in maintaining his position, and the bill was rejected. S.

FANCY POULTRY.—Barnum, the redoubtable showman, has sold fancy poultry during the last year, to the amount of $22,000.

A Remarkable Vote.

On the 16th, in the U. S. Senate, Douglas, amendment to the Nebraska bill was adopted, by the following vote;

Yeas—Adams, Atchison, Bayard, Bell, Benjamin, Brodhead, Brown, Butler, *Cass*, Clayton, Dawson, Dixon, *Dodge* of Iowa, *Douglas*, Evans, Fitzpatrick, Geyer, *Gwin*, Hunter; Johnson, *Jones* (of Iowa), Jones (of Tennessee), Mason, Morton, *Norris*, Pearce, *Pettit*, Pratt, Sebastian, Slidell, *Stuart*, Thompson (of Ky.), Toombs, *Weller*, and *Williams*, 35 (*Northern Senators in italics—all "democrats."*)

Noes—Allen, Chase, Everett, Fish, Foot, Houston, Seward, Sumner, and Wade—10

(Where were our Senators, Messrs. Dodge and Walker?)

The amendment above referred to is in substance as follows;

That the constitution and laws of the United States which are not locally inapplicable shall have the same force and effect within the said Territory of Nebraska as elsewhere within the United States, except the eighth section of the act preparatory to the admission of Missouri into the Union, approved March 6th, 1820, which was superseded by the principles of the legislation of 1850, commonly called the compromise measures, and is hereby declared inoperative.

Now look for a moment, and see how these doughface Senators stultify themselves in abusing their high trust. The "Compromise" of 1850 contained the following clause, introduced as an amendment in order to leave no doubt of the intent of the action of Congress;

"Nothing herein contained shall be construed to *impair or qualify anything* contained in the third article of the second section of the joint resolution for annexing Texas to the United State approved March 1, 1845, either as regards the number of States that may hereafter be formed out of the States of Texas, or *otherwise.*"

By referring to the joint resolution annexing Texas, in 1845, we find that it expressly affirms the Missouri Compromise, in words as follows:

"*In such State or States as shall be formed out of said territory north of said Missouri Compromise line, slavery or involuntary servitude, except for crime, shall be prohibited.*"

Yet Messrs. Cass and Stuart, of Michigan, Dodge and Jones, of Iowa, Douglas, of Illinois, Gwinn and Weller, of California, Norris and Williams, of New Hampshire, Pettit of Indiana, and Brodhead of Pennsylvania, eleven northern democratic Senators, vote solemnly that the Compromise of 1850 abrogates—supersedes—the Missouri Compromise!

Documentary History of Wisconsin.

We publish with pleasure the following Report of the select Committee to whom was submitted the communication of Gen'l W. R. Smith, the accomplished historian of our state, relative to the progress of his important work;

REPORT:

The following select committee, to whom was referred the special message of the Governor, communicating to the legislature the letter of General W. R. Smith, in relation to the compilation of the Documentary History of Wisconsin, report:

That they have examined the result of the labors of the last eighteen months, in collecting and arranging the great mass of material intended to form the history of Wisconsin, as separated by the compiler into three distinctive parts: Historical, Documentary, and Descriptive; the first part consisting of the authentic history of the State, from the advent of the Jesuit Fathers in 1633, down to the present time; the second part comprising all matters general and local, which may elucidate such history; and the third part embracing the description and statistics of each county in the State, as divided into towns. In this distribution of the several parts of the State History, each one may be considered as district from the other, and forming together a whole and complete work.

Your committee feel justified in arriving at the conclusion that in view of the time expended and the labor performed in the collecting and arranging of the materials necessary for the work in contemplation, the compiler has exhibited much zeal, industry and intelligence; and that the history of Wisconsin will exhibit, when completed, a work alike honorable to the compiler and the State.

Your committee find that the compiler has caused to be transcribed from the original manuscript, into substantially bound folio volumes, the several parts of the state history as fast as any portion is completed; this transcription is daily going on, whereby the accidental loss of any part of the finished manuscript, will not be productive of injury. These volumes are, together with the manuscript, deposited in the office of the Executive of the State; the compiler is bound by law to deposit the manuscript only, and your committee approve of the transcription of the volumes as an excellent preservative act.

Your committee also find that the time of the compiler has been principally occupied in collecting materials for the history during the preceding eighteen months, in the country lying on the Lake shore, and in the centre of the state, and in those which lie south of the Fox and Wisconsin river. In point of territory, and of deep interest also, nearly two-thirds of state remain yet unvisited by the compiler. Such personal visit is necessary for the true description of the local advantages of counties, and time has not yet permitted to be done; a travel of three months affords materials sufficient for study and arrangement for the rest of the year.

Your committee state, that as the copyright of the work in contemplation belongs to the state; the labor of the compiler and his present interest therein, (independent of his hopes and anxieties as to the result of his labor,) ceases when his manuscript is completed and deposited in the office of the Executive of the state. Already sufficient material has been transcribed into the volumes, to form the volume of state history; and at least one volume of documentary history. The descriptive history will gain by delay, until the whole is ready for publication, as the importance of counties is daily increasing with the almost unparalleled growth of our state. Your committee recommend a publication, during the present year, of such matter as is now finished, and in hopes that such recommendation may be concurred in by this legislature, your committee would respectfully ask its favorable consideration of the bill herewith presented, providing for such publication.

Your committee would further suggest that inasmuch as the transcription of the manuscript into volumes, has been a work of much labor and care, and one, too, which will tend much to the proper preservation of the work already so well commenced and successfully prosecuted by the energetic and talented compiler, a sufficient sum be appropriated to defray the expenses of such transcription; and beg leave to present herewith a bill to provide for such payment.

Respectfully submitted.

THE CENTRE OF THE WORLD.—The Indiana *State Journal* publishes a wood cut exhibiting the lines of railroad and plank road "finished, in progress, and contemplated," which are to centre at Indianapolis. Judging from the looks of the map we should think there were about 5000,000,000 miles or less, in all. We don't see but that Chicago will have to yield its claim of being the centre of the world.

☞ The Geneva, N. Y. *Gazette* says that no less than sixteen axles of railroad cars were broken on the Central road the week before last. They became contracted by cold, and snapped off like pipe-stems.

Mr. J. P. Perkins, violinist, aged 18 years, of Boston, has been recently admitted as a pupil at the Conservatoire Imperiale, at Paris, over more than thirty "concurrants." This is the first instance of an American violinist being admitted.

THE MODESTY OF TRUE GALLANTRY.—Messrs Zerago & Co., of this city have kindly sent us the following note from Captain Stouffer of the *Antarctic*, communicating to them the memorable event in which he was an actor:

Liverpool, January 24.

I beg to inform you of the arrival of the *Antarctic* in the river on the 23d inst., where I am compelled to remain until the 27th, owing to the tides.

On the 3d inst., in lat. 39.40, long. 62, fell in with steamer *San Francisco*, and took from her the Captain, Purser, two officers, three Lieutenants and about 190 U. S. Government troops, which detained me about 54 hours.

Your obedient servant,
(Signed) GEO. C. STOUFFER.

To Messrs Zerega & Co. Ship *Antartic*

The most heroic military commanders have been the most famous for the modesty of their bulletins, but surely a more modest bulletin was never penned by hero than this.

☞ In a lecture on China, delivered at Bolton, England, Dr. Bowring said it had been calculated, that if all the bricks, stones, and masonry of Great Britain were gathered together, they would not furnish materials enough for a work such as the Wall of China; and that all the buildings in London, put together, would not have made the towers and turrets which adorn it.

GLEANINGS FROM THE MAILS.

A WELCOME CITIZEN.—We understand that Capt. Creighton, of the ship Three Bells, whose excellent conduct as related to the rescuing of passengers and crew of the ill-fated San Francisco, has won for him so much deserved praise has determined to become a citizen of the United States, and either has, or is about to declare his intentions to that effect.—*N. Y. Tribune.*

BREADSTUFFS LOST AT SEA.—It is stated that within 2 months 80 vessels freighted with grain and flour have been lost at sea. Some of them were first class ships, of large size.

A Canada paper, speaking of the opening of the Great Western Railway says:—"As the first train of cars sped through the marshes of West Tilbury, on Tuesday last, a herd of wild ponies took fright, ran away, swam the Boston, Pike and Belle rivers, plunged into the wild St. Clair, made good the American shore, and were seen, on Wednesday, on the Plains near Chicago, making upward of three hundred miles in twenty four hours! Most of them went on snow-shoes!"

SHOOTING CHALLENGE EXTRAORDINARY.—John Travis, the well known professor of the pistol in New Orleans, has accepted the following remarkable challenge from Mr. Bertin L. Rhodes.—Rhodes bets Travis $1,000 to $800 that he [Travis] cannot, within ninety days, produce a living man, who standing thirty six feet from the said Travis, will allow him [Travis] to shoot with a pistol, [off hand,] an apple placed on the said living man's head, the apple not to exceed four inches in circumference. The said Travis is to have three shots at the apple, and must hit the apple once to win the match. If he does not hit the apple, or if he hits the man, Rhodes wins.—The match is to come off within ninety days, and within five miles of the city of New Orleans.

IS UNCLE SAM RICH ENOUGH?—It is estimated that the value of public lands for railroads, asked from this session of Congress, according to the bills introduced or projected, amounts to the enormous sum of $350,000,000.

The New York Crystal Palace Association, have purchased the copy of Kiss' magnificent statute of "The Amazon," for $10,000.

A LARGE PEAR TREE.—Henry Ward Beecher tells of a pair tree in Illinois, about ten miles from Vincennes, Ind., that bore 184 bushels of pears in 1834, and 140 bushels in 1840, of large sized pears. One foot above the ground it girths ten feet, and nine feet above, six and a half feet, and its branches spread over a space sixty-nine feet wide. It is said to be about fifty years old.

The Tribune learns from good authority that a new Metropolitan Hall is to be built; not however, on the old site, but a little south of it, by the Bond street House--entrance on Broadway, where the Academy of Design now stands. The building will be similarly situated with the old Hall, in so far as it is to back on Mercer. Capital $300,000, already taken.

WASHINGTON NATIONAL MONUMENT.—The total amount received, funded stock, interest, &c., during the past year, was $40,020 31. The expenses during the same period amount to $40,494 97, leaving the Society in debt $475,66. The sum of $10 000, however, remains over and above the account, which is not enumerated in the financial statement, but only the interest that it produces, viz:—5 per cent, having been deposited at Corcoran & Riggs' Bank.

A correspondent enquires if the "miseries of editors" are so numerous and overwhelming as is often averred, why any persons can be found to continue for any length of time in such an unhappy vocation?

This is a question, like many others, more easily asked than answered—unless on the principle laid down by Nat Lee in one of his tragedies, where he makes the hero say, 'There is a pleasure in being mad, which none but madmen know.'"

Foreign Items.

The London Morning Herald says: We trust that the fact of Russia having a squadron in the China seas has not been lost sight of by the Admiralty, and that measures are taken for the capture or destruction of these men-of-war, before the Russians have such timely knowledge of a declaration of hostilities as may enable them to intercept our gold ships from Australia.

It is mentioned in a Russian account of the battles of Akhaltyck, in Asia, that the Russians gave no quarters to any but Turks. One gun, served by Poles, was charged by Bagnwouth's dragoons, and the artillery men, in despair, flung bullets with their hands at the heads of the Russians.

The caravan of pilgrims, which recently returned to Damascus from Mecca, pretend that they found on the tomb of Mohammed a letter addressed to the Sultan, in which the prophet promises him victory over the Russians. The latter was, it is said, immediately forwarded to Constantinople.

The Turkish commandant at Rahova, (Danube,) is Genge Aga, the same who led the storming party at Missollonghi, nearly thirty years ago, and, although now a graybeard, retains his name of "Youthful Aga."

It is positively stated, in a letter from one of her Majesty's ships, under command of Admiral Dundas, at Constantinople, that after the destruction of Sinope numerous pieces of eighty-six pounders' shells were found there, marked with the broad arrow of the English dockyards.

The Press and Nebraska.

The Democratic press of the North is pretty generally in favor of Mr. Douglas' bill, in relation to Nebraska. Among the leading and influential papers which advocate Congressional non-intervention, in that matter, we notice the Boston Post and Boston Times, the New Hampshire Patriot, the Hartford Times, and New Haven Register of Connecticut, the Philadelphia Pensylvanian, the Detroit Free Press, the Cleveland Plaindealer, the Ohio Statesman, the Indiana State Sentinel, with others scarcely less note and influence.—*Cin. Enq.*

The Editor of the Boston Post is Naval Officer of Boston, with a salary of $5,000 a year. A near relative of his is Post Master of Boston, with $6,000 a year. One of the Times' Editors is Despatch Agent, with $1,000 a year. A brother of the proprietor is in the Custom House, and he himself is an applicant for the Navy Agent office. The N. H. Patriot is the receiver and disposer of the patronage of that State. The Hartford Times is not in favor of Douglas' bill, but is out and *against* it. The Editor of the Indiana Sentinel is U. S. Mail Agent for the North-West. Of the other papers we know but little, but we have no doubt that the Editors or proprietors of each are in receipt of government money.—*Cin. Gaz.*

NAVIGATION ON LAKE ONTARIO.—The Toronto Globe of the 19th inst., says, the steamer Princess Royal brought another locomotive from Rochester for the Great Western Railway on Friday last.—On her way up, she touched at the Queen's Wharf, and went on to Wellington Square. The Mazeppa and Chief Justice left the Queen's Wharf at the usual hour yesterday. The entrance to the wharf is now pretty free from ice; but all the way up to Hamilton, ice is to be met with in large fields. It is said that this has been the most severe winter for vessels on the Lake, which can be recollected.—*Detroit Advertiser.*

THE MARTHA WASHINGTON CASE LIBEL SUITS.—The Cincinnati *Times* affords the following schedule of Libel suits, with the amount of damages claimed, now pending against the press of that City

Commercial	$200,000
Gazette and Atlas	140,000
Times	15,000
Sun	5,000
	$360,000

The papers do not seem to be much alarmed for the result.

BAYARD TAYLOR.—This gentleman, who is to treat our citizens to a lecture or two before long receives the following characteristic notice from the organ of society "above Bleecker," the *Home Journal*:

"He has come home," says the Journal, with his original type of modesty and poetry, all unchanged—as gentle and romantic looking a Bayard as ever—but he has brought home also a certain Saracenic repose of tone and mien, which (by at least, the consent of a very silken and becoming moustache and beard) enhances him and his expression uncommonly. He has plumped out, too—weighing twenty pounds more than when he left, he tells us—and is altogether, quite a specimen of completed developement, physical and spiritual."

In reference to his manner of speaking, the Journal says:

"Taylor's enunciation and emphasis, particularly, are admirably *cosmopolised* by his intercourse with people of all languages. It is quiet, beautifully deliberate and well weighed, both deferential and self-respectful, and so eminently engaging the attention. Interesting as his books may be, hereafter, the public (ladies particularly) will like best the turning over of the two leaves of his lips—bound in silk as that rosy pamphlet at present is."

THE NEBRASKA BILL WONT PASS HERE.—An excellent *impromptu* was got off by the inimitable M'Vicker at the Theatre on saturday night. In the play of the *Masquerade Ball*, one of the actors handed to Mac a five a five Dollar Bill, as payment for a ticket to the Ball. He took the bill, examined it for a moment, and then, handing it back to him, exclaimed, with that tone and manner impossible to imitate;

That's a Nebraska bill! It wont pass here. A shout of laughter and applause, which shook the Theatre, attested the hit he had made on the anti-Douglas feeling of the house.—*Chicago Tribune.*

CIRCUIT COURT--Feb. 22d.

JUDGE HUBBELL PRESIDING.

Ferdinand Kalkhof vs. Francis Heubschman.—Action of Trespass—Jury Trial.

Cause submitted to jury, who came in after being out three hours, stating that they could'nt agree on a verdict. The court ordered them to their room for one hour more (the counsel being absent) at which time if they failed to agree, they would be discharged. In an hour the jury again came in and stating they could'nt agree, were discharged.

Lawrence Meyers and Philip Pike vs. Jerome B. Toplif and Sidney Evans. Action in assumpsit—Jury Trial. McGregor & Tenney for Plffs.—Yates and Mariner for defts.

This was an action brought on a promissory note, given on the 25th June 1851 for the sum of two hundred and thirty-four dollars, payable six months from date, signed Topliff and Evans, and was for liquor sold to the defendants by the plaintiffs.

The defence set up was that the plaintiffs had sold to the defendants the liquor for which the note was given—they, the plaintiffs, having no license to sell liquor at the time—defendants claiming that on those grounds the note was void. A stipulation was entered into between the parties, in which it was admitted that the plaintiffs, at the time the cause of action arose, were residents of the city of New York, doing business as wholesale liquor dealers, and that defendants were residents of Wisconsin; that plaintiffs sent on the liquor from N. Y. to Brown & Larkin, with instructions not to deliver the liquor till a note was given—the identical note on which this suit was brought. Several witnesses were introduced to prove the sale of liquor by the plaintiffs, and one sale besides this being shown. The following is the testimony of one of the witnesses:

Wm. Armstrong sworn—knows Mr. Myers, not Mr. Pike—they are jobbing merchants in New York, that is as I was learned in the trade—they buy liquors from importers, mix them and sell them again. In 1851 they had some in a warehouse they wanted to sell—a man named Pike asked me to buy. I refused to buy because I found out he was an adulterer, instead of an importer. I was present when Pike bargained with Evans to sell him some liquor. There was two or three qualities of a superior kind that he said he wanted to introduce into Wisconsin—he described how he could get it through the custom house without paying the duty. On the same day he solicited other men to buy—he also took me down to the Eastern Hotel to try and sell some liquors to John S. Mitchell.

Cross examined.—Don't know that plaintiffs adulterated liquors myself, only as far as I could understand, of my own knowledge; I don't know that they had any liquor or not; plaintiff told me they had sent it on as samples of what they had to sell; they wanted to supply the whole state: when we went to the Elm Grove we had something to drink and some tea, and I paid for the whole of it. There was an agreement entered into that some liquor was to be sent on, and if it suited a note was to be given for it. If you'll allow me to tell the whole of it, I'll tell you; I was to be one of them that was to buy the liquor; I was unwell and didn't have a chance.

By a juror.—He sold some to Evans conditionally that if it was good he was to pay for it.

Counsel. Did you ever buy any liquor from the plaintiff, in this suit. *Wit*—well no, I never did, not myself, somebody else did for me. *Counsel*—were you ever sued for that liquor? *Wit.*—Yes sir, I was sued and you were counsel on the other side—my lawyer didn't appear—they got judgement against me for default, not for the liquor; (I suppose the Court record will show that it was for default and not for liquor)—I'll own it right up, "I'd just as leave tell you as not." *Counsel*—that will do. Witness left the stand mumbling to himself, "it was for default, not for liquor."

It was shown that plaintiff had offered to sell to several men who dealt in liquor, and none had purchased.

In summing up it was contended by defendants, counsel; that, as was shown by the proof, and by the stipulation also, the liquors were subject to the approval of Evans, one of the defendants, on their arrival in Milwaukee, and who might on tasting reject or take them; consequently, the sale, and the contract, both took place in Milwaukee; and was a violation of law—the plaintiffs having no license to sell liquor in Milwaukee.

Plaintiffs counsel contended, that the sale was made in New York; that when the liquors were delivered to the common carriers in New York the sale was completed; and consequently the violation of the law of this state had taken place.—That as no proof had been shown, as to who had to pay the freight on the liquors from New York the reasonable construction, laid upon the ordinary rules of trade, was, that the defendant had to pay the freight; and the liquors were theirs when delivered to the carrier in New York. That in the law relating to the licensing liquor dealers' giving a bond conditioned to keep an orderly house &c. was a requisite, but a man coming in from New York to sell liquor wholesale, or one cask, could not be expected to give such a bond—would a Sheriff who had levied in a cask of liquor and afterwards offer it for sale, be compelled to give a bond to keep an orderly house &c.

After a short charge from the Judge the jury retired.

The jury after being out about two hours, returned a verdict of no cause of action.

POLICE COURT—Feb. 22d.

The case of the State vs. William Hooson for assault and battery upon Joseph Allsop on the 10th of Feb., was adjourned till March 1st, at 10 A. M.

ANOTHER LOCOMOTIVE.—Another powerful locomotive is about completed at the Menomonee Works in this city, and nearly ready for delivery. We understand that it will probably be purchased by the Michigan Central R. R. Co., if not immediately wanted by the Milwaukee & Mississippi R. R. Co. It is about the same size as the *Walker, Palmyra*, and *Madison*, efficient engines built for the latter company.

WEATHER.—The atmosphere was warm enough early yesterday morning to give promise of a general thaw and breaking up of the roads, but by 10 o'clock the clerk of the weather had changed his mind, and a wind rose which played various and sundry pranks of more or less interest throughout the day, and was cold and sharp enough to make out door business decidedly uncomfortable.—Among other items performed by Boreas was the throwing down of the brick wall at the end of the Methodist Church on Spring St., recently burned.

MASONIC BALL.—This affair came off night before last at the Metropolitain, according to programme, and was carried through in grand style, from begining to end. Belden's part of the entertainment was fully equal to expectation, and that was unlimited. Solomon, and Hiram of Tyre, and the Queen of Sheba, could'nt have had a better time at *their* Masonic festivals.

REAL ESTATE SALE.—We learn that two river lots next South of Layton & Plankinton's Packing house, on West Water Street, have been purchased by Mr. Burnham for $9,000.

☞ We have in hand the opinion of Judge MILLER, of the U. S. District Court, in the case of Louisa Hall vs. Harvey B. Burch and George E. Brown, and shall publish it to-morrow. It will be found interesting, and is of importance as discussing various points relative to the homestead exemption law of our state.

WASHINGTON'S BIRTH DAY.—The Military Companies of our city,—the Washington Guards, City Guards, Rifles, and Dragoons, were out on parade yesterday, in honor of the birthday of the Father of his country, and presented a fine appearance.—The salute was fired by the first named company

ERIN.

FROM AN OLD IRISH NEWSPAPER DATED 1797.

When Erin first rose from the dark swelling flood,
God bless'd the green island and saw it was good;
The Emerald of Europe it sparkled and shone
In the ring of the world the most beautiful stone.

In her sun, in her soil, in her station thrice blest,
With her back towards Britain, her face to the west,
Erin stands proudly insular on her steep shore,
And strikes her high harp midst the ocean's deep roar.

But when its soft tones seem to mourn and to weep,
The dark chain of silence is thrown o'er the deep,
At the thoughts of the past, tears gush from her eyes,
And the pulse of the heart makes her white bosom rise.

O sons of green Erin, lament o'er the time
When religion was war, and our country a crime,
When men in God's image inverted his plan,
And moulded their God in the image of man.

When the interest of state wrought the general woe,
The stranger a friend, and the native a foe;
While the mother rejoiced o'er her children oppress'd,
And clasp'd the invader more close to her breast.

When, with Pale for the body, and Pale for the soul,
Church and State join'd in compact to conquer the whole;
And as Shannon was stain'd with Milesian blood,
Eyed each other askance and pronounced it was good.

By the groans that ascend from your forefather's grave,
For their country thus left to the brute and the slave,
Drive the demon of bigotry home to his den,
And where Britain made brutes let green Erin make men.

Let my sons like the leaves of the shamrock unite,
A partition of sects from one footstalk of right;
Give each his full share of the earth and the sky,
Nor fatten the slave where the serpent would die.

Alas! for poor Erin that some are still seen
Who would dye the grass red from their hatred to green,
Yet, oh! when you're up and they're down, let them live
And yield them that mercy which they would not give.

Arm of Erin be strong! but be gentle as brave!
And uplifted to strike, be still ready to save!
Nor the feeling of vengeance presume to defile
The cause of, or men of, the Emerald Isle.

The cause it is good, and the men they are true,
And the green shall outlive both the orange and blue;
And the triumphs of Erin her daughters shall share,
With their full swelling breasts and their fair flowing hair.

Those bosoms heave high for the worthy and brave,
But no coward shall rest on that soft swelling wave,
Men of Erin awake! and make haste to be blest,
Rise—arch of the Ocean—and Queen of the West.

EAGLE FURNACE—BUFFALO.—Business men who advertise their wares to a long distance are very apt to have something on hand to make it worth while for customers to visit them. So we invite attention to the card of the Eagle Furnace of Buffalo, in our advertising columns to-day.

MILWAUKEE & MISSISSIPPI RAILROAD.—The receipts of the Milwaukee and Mississippi Railroad Company last year—from January to January, a mode of keeping accounts which we think that all Corporations would do well to adopt when practicable—were $221,455 68, and the net earnings $134,340 14. A stock dividend of 10 per cent, was declared. The road from Milwaukee to within sixteen miles of Madison, the state capital, will be ready for the cars next spring, and the Company are in a condition to put it under contract to the Mississippi whenever they please. The capital stock is $1,542,200.—*Chicago Journal*

The road was completed, on the 1st of January, to within 16 miles of Madison, a distance, including Janesville branch, of 90 miles. The amount mentioned above as "capital stock," is the amount *subscribed.*

SOLD.—The schooner Japan, now lying in the harbor of Buffalo, was purchased recently by C. Mears & Co., of this city, for 10,000. She was launched at Milan last Summer, is 245 tons burthen, and will probably hereafter be employed in the lumber train.—*Chicago Tribune.*

Hogs Packed in Cincinnati.

After an unusually protracted season, the packing business in this city has pretty generally closed, though a few thousand head will yet be cut by one or two houses.

The receipts by the several conveyances, as shown by our weekly reports compare as follows with those of previous years:

A Wholesome Thought.

"Bring hither the poor, the maimed, the halt, and the blind," if you would have them healed of their many infirmities. We boldly and fearlessly assert that the Mustang Liniment will positively CURE Rheumatism. Let any who are afflicted with that most painful complaint try it thoroughly according to the directions, and if they are not cured, we will give them their money back. What more can we say? It will also cure the Piles. Thousands have tried it—and all were cured. Bruises, Sprains, Sores, or Eruptions fade away as if touched by the magician's wand. Its application to a Burn or Scald acts like 'oil upon the troubled waters.' The tempest of pain and agony is soon stilled, and the Patient is hushed to quiet and peaceful slumbers. 'There is a balm for every wound,' and that balm is the Mustang Liniment. Everybody that sells medicines keeps it for sale. 'Hold your Horses!' and if they are crippled, galled or sprained, use the Mustang Liniment.

Ayer's Cherry Pectoral is a most excellent remedy for Coughs and Colds. We have had occasion to try its virtue repeatedly during the winter just closed, and always found its use attended with beneficial results. Those who are afflicted in this way, will do well to try it. It can be had at almost any of the Drug Stores.—*Hollidaysburg Register Pa.*

Holloway's Ointment and Pills.

A CERTAIN REMEDY FOR SORE LEGS.

Copy of a Letter from Mr. William J. Langley, of Huntsville, Yadkin County, North Carolina, dated November 1st, 1853.

"TO PROFESSOR HOLLOWAY—

Sir—It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say, that your *Ointment and Pills* have cured me of one of the most disagreeable cutaneous diseases that flesh is heir to; which was considered by all who knew me to be entirely beyond the reach of medicine. For nine years, I was afflicted with a painful and troublesome sore leg, and after trying every medicine I had ever heard of without success, a friend brought me a couple of large boxes and pots of your medicines, which caused the sores on my leg to heal and I entirely regained my health to my agreeable surprise and delight, and to the astonishment of my friends.

Jefferson on Slavery.

We commend the following opinion of Jefferson on the subject of slavery to such of our Legislators as, in their desire to "sustain the National Administration," are ready to see our Western Territories cursed with that institution:

[*From notes on the State of Virginia, p. 236.*]

There must doubtless be an unhappy influence on the manners of our people, produced by the existence of Slavery among us. The whole commerce between master and slave is a perpetual exercise of the most boisterous passion, the most unremitting despotism on the one part, and degrading submission on the other. Our children see this, and learn to imitate it, for man is an imitative animal. This quality is the germ of all education in him. From his cradle to his grave he is learning to do what he sees others do.

If a parent could find no motive, either in his philanthropy or his self love, for restraining the intemperance of passion toward his slave, it should always be a sufficient one that his child is present. But generally it is not sufficient. The parent storms, the child looks on, and catches the lineaments of wrath, puts on the same airs in the circle of smaller slaves, gives a loose rein to his worst passions, and thus nursed, educated, and daily exercised in tyranny, cannot but be stamped by it with odious peculiarities. The man must be a prodigy who can retain his manners and morals undepraved by such circumstances.—And with what execration should the statesman be loaded, who, permitting one half of the citizens thus to trample on the rights of the other, transforms those into despots, and these into enemies, destroys the morals of the one part, and the *amor patriæ* of the other. For if a slave can have a country in this world, it must be any other in preference to that in which he is born to live and labor for another; in which he must lock up the faculties of his nature, contribute as far as he depends on his individual endeavors to the evanishment of the human race, or entail his own miserable condition on the endless generations proceeding from him.

With the morals of the people, their industry also is destroyed. For in a warm climate, no man will labor for himself who can make another labor for him. This is so true, that of the proprietors of slaves a very small proportion indeed are ever seen to labor. And can the liberties of a nation be thought secure when we have removed their only firm basis, a conviction in the minds of the people that these liberties are of the gift of God? That they are not to be violated but with his wrath? *Indeed I tremble for my Country when I reflect that God is just; that his justice cannot sleep forever; that considering numbers, nature and natural* means only, a revolution of the wheel of fortune, an exchange of situation is among possible events; that it may become probable by supernatural interference. *The Almighty has no attribute which can take sides with us in such a contest.*

THE DILAPIDATED CONDITION OF THE NAVY.—A month ago the intelligence went forth to the world, in the report of Mr. Secretary Dobbin, that the war ships of the United States, like the *disjecta membra* of an antediluvial mastodon, could not, if gathered and arranged with artistic adaptation, make even the skeleton of a navy—not even a substantial suggestion of what they were designed to represent; and subsequently—a few days since, comes a confession in words of crushing shame, which bespeak a poverty stricken and democratically governed republic—when from every port and reef and shoal on our perilous sea, flash, fast and thick, the tidings of the unparalleled disasters and ravages of the late gale—comes the mortifying confession that we have not a vessel fit for service on a length of coast extending fifteen hundred miles; not a vessel to speed on a mission of mercy, to the rescue of our shipwrecked troops, and women and children. Oh, boasted republic! hot bed of demagogueism and democracy, of "universal freedom," and the "evangely of liberty"—these are the hours of thy littleness, and of thy irrefutable condemnation. Fleets have we cruising futilely and uselessly in exploration of regions abandoned of God to ice bergs and ice fields—fleets have we flinging their silken ensigns of idleness in warm, luxurious ports, where, night and day, our gallant officers "list to the lascivious pleasing of a lute;" fleets have we protruding their polished Paixhans under the noses of Japanese exclusives; asserting the American citizenship of refugee propagandists in foreign neutral harbors; doing here a little, and there a little, but effecting nothing good; and when a vessel is required for immediate service, in a cause which would crown every man aboard of her with immortal honor, not one is to be found—not one can be sent forth—and the suffering children of the republic must perish, because ours is a "republic," and efficient, well-appointed navies and armies are not needed, where the breasts of millions of freemen afford her a spontaneous defence. Go to with such Buncombe nonsense—cease, for manhood's sake, to precipitate us any farther into the slough of disgrace into which for forty years "the voice of the people" has been driving us.

Give us, ye masters of the government, members of the 33d Congress, give us a government and not a shadow—give us a reality, and not a [illegible]. If the navy be a humbug—and who entertains a doubt thereof—explode the whole system at once, and commence to build up something worthy of this "great country." If the present number of ships and men be insufficient, multiply them *ad infinitum*, until we will have our flags, not "on every sea," as is now the Fourth of July boast, re-echoed throughout the year, but on our own coast as well, ready for service in time of need. Smash the whole thing as it now is; throttle discontent, opposition, demagogueism, and democratic nonsense; and for pity's sake, for honor's sake, for the sake of the dignity of this "free country," let us no longer be exposed to such ridicule, and compassion, as we must excite in all governments, who protect their "slaves" better than we do our "freemen."—*Baltimore Patriot.*

There is now preparing for the American press a historical work, relating to the trial of Queen Caroline, of England, in which Henry (Lord) Brougham, as counsel first brought himself into celebrity. In this work will be published the death bed confessions of the Countess of Guernsey, the principal lady of the Queen's household, which will shed a new light upon that interesting episode in English history.

Propose to pay Particular attention to

Architectural Iron Work.

WE are prepared to Manufacture IRON FRONTS for Stores and Public Buildings, with the

Patent Fire Proof Rolling Shutters.

These Shutters are the same that are now so generally used in New York, and may be put in any Window, Small or Large, and if arranged before erection of the building, may be used without in the least affecting the style of Architecture. They make the only perfect Fire Proof Shutters, and do not appear to the eye when rolled up.

When desired we will furnish the Plan for Store Fronts, (with or without the Patent Shutter,) with estimate for the Cost of the work finished ready for delivery. To our Western friends we think this arrangement will be desirable, for they thus are enabled to know without experiment what the Front is to be, and what it is to cost.

☞ When the Patent Shutters are used we will furnish a man to superintend the erection of the Iron Front and the setting of the Shutter.

QUEEN'S PATENT

PORTABLE FORGE
AND
BELLOWS.

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

PROSPECTUS OF
Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & CO, New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

F. BROWN'S
Essence of Jamaica Ginger.

THIS ESSENCE is a preparation of unusual excellence. In ordinary diarrhœa, incipient cholera, in short, in all cases of prostration of the digestive functions, it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children, it is peculiarly efficacious; no family or individual should be without it, as it enables the system to resist the influence of incipient diseases which lurk in a changing climate.

CAUTION.—Be sure to get the genuine essence, which is prepared only by F. BROWN, at his Drug and Chemical Store, N. E. Corner of Fifth and Chestnut Streets, Philadelphia, and for sale by all the respectable Apothecaries in the United States. je25-1yr

HUNTER'S CELEBRATED

Pulmonary Balsam or Cough Syrup,

PREPARED BY

CURTIS & PERKINS, DRUGGISTS,

BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety, and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desre for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drunk a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixer is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best altertive known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and

AGUE POWDERS:

The only sure remedy ever known for Chills and Fever, an warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseeded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar: will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addressed itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

PATENT MEDICINES.

CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS

BRONCHITIS, WHOOPING-COUGH,

CROOP, ASTHAMA, AND

CONSUMPTION,

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependence to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

"Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

PATENT MEDICINES.

DOCTOR D's

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power,—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorrhœa, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 1[illegible] Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-d1yc

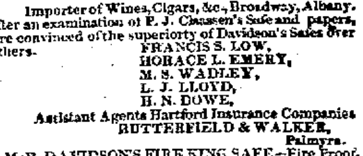
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July. 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,

Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiorty of Davidson's Safes over all others.

Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. de18

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who presevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 17th August, 1853.

To PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PUXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,
CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
July 23d, 1853. (Signed) J. GAMIS.
